Program Director:

Kenneth Lee, MD
Professor of Radiology
University of Wisconsin School of Medicine
Madison, Wisconsin

About this Course:

Join us in a lively 🌸 NOLA 🌸 setting to learn about musculoskeletal ultrasound principles and operation including presentations of proper scanning techniques with demonstrations of those techniques. You'll be thoroughly engaged in lectures, hands-on workshops and open-scanning sessions with faculty. This hands-on workshop offers two concurrent tracks based on your experience level. You'll learn in an interactive and practical format with the direct supervision of our knowledgeable and experienced faculty.

Along with a review of sonographic imaging of normal anatomy, there will be a review of pathology encountered followed by hands-on instruction in scanning. To complete the course, interventional techniques will be discussed and demonstrated in a hands-on lab. The combined 3-day program provides a powerful learning experience where you will improve your technical competency and patient outcomes.

Hands-On Lab Sessions:

Shoulder:

- Rotator Cuff & Other Shoulder Pathology
- Shoulder Procedures - Calcific Tendinitis Lavage & SASD Bursa
- Rotator Cuff Tears & Biceps Tendon
- Shoulder Procedures - Joint, SASD Bursa & Biceps

Elbow & Wrist:

- Elbow & Wrist Hands-On
- Epicodylosis & Distal Biceps Tear
- Common Wrist Pathology
- Epicondylosis & UCL Injuries

Hip:

- Hip & Thigh Hands-On
- Snapping Hip & Groin Injury
- Hip Procedures - Joint, Iliospoas Bursa, Greater Trochanteric Bursa
- Upper Extremity & Hip

Knee & Ankle:

- Knee & Ankle Hands-On
- Extensor Mechanism & the MCL
- Achilles, Plantar Fascia & Common Procedures
- Baker's Cyst & Guided Procedures
- Ankle Tendons & Ligaments

Schedule:

DAY ONE

- Ultrasound Image Optimization & Knobology
- Normal Ultrasound Anatomy of Shoulder w/Live Demonstration
- 4 Sessions of Hands-On Labs

DAY TWO

- Principles & Techniques of Ultrasound Guided Interventions
- Normal Ultrasound Anatomy of Hip & Thigh w/Live Demonstration
- 2 Sessions of Hands-On Labs
- Optional Open Scan w/Faculty Member

DAY THREE

- Normal Ultrasound Anatomy of Knee & Ankle w/Live Demonstration
- 2 Sessions of Hands-On Lab
