## About this Course

Learn about ultrasound principles and operation, including presentations of proper scanning techniques with demonstration of those techniques. Along with a review of sonographic imaging of normal anatomy, there will be a review of pathology encountered followed by personal hands-on instruction in scanning. To complete the course, interventional techniques will be discussed and demonstrated with a hands-on lab. The combined 3 day program makes this an effective learning experience to improve the provider's technical competency and patient outcome.

## The hands-on workshop will be offered in two tracks:

- Track A is designed for those with 0-1 year of experience
- Track B is designed for those with 1+ years of experience

Attendees will be provided with an opportunity to learn proper imaging techniques for the shoulder, elbow, wrist, hip, knee and ankle. Learning will be facilitated through an interactive and practical format with the direct supervision of our knowledgeable and experienced faculty.

## Meet the Faculty:

- Kenneth Lee, MD – Program Director
- Cristy French, MD
- Christina Hendricks, RDMS, RMSKS, RVT, RT(R)
- Sandip Biswal, MD
- Kaitlyn Foellings, BS, RDMS, RVT
- Julie Spransy, BS, RDMS, RVT

## Hands-On Lab Sessions:

### Shoulder:

- Rotator Cuff & Other Shoulder Pathology
- Shoulder Procedures - Calcific Tendinitis Lavage & SASD Bursa
- Rotator Cuff Tears & Biceps Tendon
- Shoulder Procedures - Joint, SASD Bursa & Biceps

### Knee & Ankle:

- Knee & Ankle Hands-On
- Extensor Mechanism & the MCL
- Achilles, Plantar Fascia & Common Procedures
- Baker's Cyst & Guided Procedures
- Ankle Tendons & Ligaments

### Hip:

- Hip & Thigh Hands-On
- Snapping Hip & Groin Injury
- Hip Procedures - Joint, Iliospoas Bursa, Greater Trochanteric Bursa
- Upper Extremity & Hip

### Elbow & Wrist:

- Elbow & Wrist Hands-On
- Epicodylosis & Distal Biceps Tear
- Common Wrist Pathology
- Epicondylosis & UCL Injuries

## Course Schedule:

### DAY ONE

- Ultrasound Image Optimization & Knobology
- Normal Ultrasound Anatomy of Shoulder w/Live Demonstration
- 4 Sessions of Hands-On Labs

### DAY TWO

- Principles & Techniques of Ultrasound Guided Interventions
- Normal Ultrasound Anatomy of Hip & Thigh w/Live Demo
- 2 Sessions of Hands-On Labs
- Optional Open Scan w/Faculty Member

### DAY THREE

- Normal Ultrasound Anatomy of Knee & Ankle w/Live Demo
- 2 Sessions of Hands-On Lab

Tuition	Early Price	Price	Credits Hours
Physician	\$1500	\$1600	16.75
PA, NP	\$1115	\$1190	16.75
Technologist	\$890	\$965	18.75
Athletic Trainer	\$895	\$970	18.75
Physical Therapist	\$900	\$975	16.75

### Accreditation

The Medical Technology Management Institute is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The Medical Technology Management Institute designates this live activity for a maximum of 16.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
