

Essentials of Ultrasound Guided Vascular Access

 Houston, TX

 October 27-29, 2023

About this Course

This 2.5-day course was created for physicians, nurses and technologists and other clinicians who seek instruction on peripherally inserted central catheter (PICC) lines, central venous catheterization (CVC) lines and dialysis access. The course includes comprehensive didactics on anatomy, patient selection and post-procedure evaluation.

In addition to engaging lectures and demonstrations, attendees will have the unique opportunity to participate in hands-on training in the techniques of ultrasound-guided venous access.

Featured Faculty:

Marc A. Burrell, M.D., RPVI

Dr. Burrell is a board certified, fellowship trained vascular and interventional radiologist. He earned his Bachelor of Science in Bioengineering from Rice University in Houston, Texas, and completed his Doctor of Medicine at Baylor College of Medicine.

Ajit Vyas, M.D.

Ajit Vyas is a radiologist specializing in vascular and interventional radiology. A Houston native, he studied economics at Harvard University in Cambridge, MA, followed by medical school at Baylor College of Medicine.

Offering Extensive Hands-On Training

Educational Objectives:

- Describe anatomy and patient evaluation for vascular access
- Describe techniques for PICC lines, central lines, and dialysis access
- Demonstrate performance utilizing ultrasound with models and phantoms on vascular access techniques
- Learn and perform Interventional techniques related to vascular access

Schedule Overview:

Day One

- Introduction to Ultrasound
- Fundamentals of Ultrasound Scanning Workshop
- Ultrasound Vascular Anatomy
- Vascular Anatomy Scanning Workshop
- Rhythm Strip Monitoring Basics
- Hands-on Scanning Workshop

Day Two

- Understanding the Appropriate Type of Catheter
- Scanning Workshop
- Step by Step PICC Line Placement
- Scanning Workshop
- Step by Step Central Line Placement
- Hands-on Line Placement Workshop
- Open Scanning

Day Three

- Post Placement Line Evaluation
- Scanning Workshop
- Ultrasound Guided PICCS and Tricks
- Additional Hands-on Scanning Workshop
